EXTEMPORANEOUS PUBLIC SPEAKING LDE

PURPOSE
The FFA Extemporaneous Public Speaking Leadership Development Event is designed to develop the ability of all FFA members to express themselves on a given subject without having prepared or rehearsed its content in advance. This gives FFA members an opportunity to formulate their remarks for presentation in a very limited amount of time.

ELIGIBILITY
The participant must be an active member of a chartered Florida FFA Chapter and enrolled in grades 9, 10, 11 or 12. Participants can not participate in more than one LDE (Extemporaneous Public Speaking, Prepared Public Speaking, Creed Speaking or Employment Skills) at State Convention. Each chapter may enter one participant.

EVENT PROCEDURES
FFA members are to wear INDOOR FFA Official Dress, and will be scored accordingly. A microphone may be used at the contest. Recording of presentations is permitted by one person from each participant’s chapter for that participant only.

EVENT SCHEDULE
The event will be held in three rounds: sub-district, district and state level competitions. Each chapter may enter one participant at the sub-district level with each sub-district forwarding their winner on to the district event. The 12 district winners are then eligible to compete in the state event.

STATE FINALS
The state finals event will include two preliminary flights. The top three participants from each flight will move on to the finals. Speaking order will be determined by random draw. The LDE superintendent shall then introduce each participant by name and in order of the drawing.

INDIVIDUAL PRACTICUMS

PERFORMANCE PRACTICUM

SPEECH PREPARATION & PRESENTATION
The selection of topics will be held 30 minutes before the event. The participants will draw three
specific topics, selected at random from the pool of 18, relating to the industry of agriculture. After selecting the topic they desire to speak on, all three topics will be returned for the next drawing. Eighteen topics will be prepared by the event superintendent and will include three each from the following categories:

- Agricultural literacy and advocacy
- Current agricultural issues
- Advancing agriculture through agriculture science
- Current technology uses and applications in agriculture
- Agrimarketing and international agriculture
- Food and fiber systems

Participants will be admitted to the preparation room at 15 minute intervals and given exactly 30 minutes for topic selection and preparation.

- The officials in charge of the event will screen reference material on the following basis:
  - Must be limited to five items
  - Printed material such as books or magazines
  - Printed compilations of materials collected from Internet research
  - Participants may have 10 mins to conduct online research. Computers may be provided. Access to email, Dropbox or any prepared materials are prohibited.
  - To be counted as one item, a notebook or folder of collected materials may contain no more than 100 single-sided pages or 50 pages double-sided numbered consecutively.
  - References should be in original format.
  - There can be no notes or speeches prepared by the participant or by another person for the purpose of use in this event. Cutting and pasting into a Microsoft Word document will be considered prepared notes.

Each speech should be the result of the participant’s own effort using approved reference material which the participant may bring to the preparation room. No other assistance may be provided. Participants must use the uniform note cards provided. Any notes for speaking must be made during the 30 minute preparation period. A participant will be permitted to use notes while speaking, but deductions in scoring may be made for this practice if it detracts from the effectiveness of the presentation.

A list of all possible topics will be given to and reviewed by the judges prior to the beginning of the event.

Each speech should be no less than four and no more than six minutes in length. An additional five minutes will be allowed for the questioner to ask related questions. The room coordinator of the event will introduce the participant by name and state. The participant may introduce his or her speech by title only. Participants will be penalized one point per second on each judge’s score sheet for being over six minutes or under four minutes. Time commences when the speaker begins talking. Speakers may use a watch to keep a record of their time. Event officials or observers will give no time warnings.

Timekeepers will record the time for each participant in delivering his or her speech, noting under time or over time, if any, for which deductions should be made.

At the time of the event, the judges will be seated in a designated section of the room in which the event is held. They will score each participant on the delivery of the production using the score sheet provided.

When all participants have finished speaking, each judge will total the score on each participant. The timekeepers’ record will be used in computing the final score for each participant. The judges’
score sheets will then be submitted to event officials to determine final ratings of participants.

Each judge shall formulate and ask questions. Questions shall pertain directly to the speaker’s subject. Questions containing two or more parts should be avoided. Judges will score each participant on the ability to answer all questions asked by all judges. The full five minutes should be used.

**SCORING**

<table>
<thead>
<tr>
<th>Practicum</th>
<th>Activity</th>
<th>Individual</th>
</tr>
</thead>
<tbody>
<tr>
<td>Performance</td>
<td>Presentation</td>
<td>1000</td>
</tr>
<tr>
<td>Official Dress</td>
<td></td>
<td>50</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td>1,050</td>
</tr>
</tbody>
</table>

Participants will be ranked in numerical order on the basis of the final score to be determined by each judge without consultation. The judges’ ranking of each participant then will be added, and the winner will be the participant whose total ranking is the lowest. Other placings will be determined in the same manner (low rank method of selection). (low point method of selection)

**TIE BREAKERS**

Ties will be broken based on the greatest number of low ranks. The participant’s low ranks will be counted and the participant with the greatest number of low ranks will be declared the winner. If a tie still exists, then the event superintendent will rank the participant’s response to questions. The participant with the greatest number of low ranks from the response to question will be declared the winner. If a tie still exists then the participant’s raw scores will be totaled. The participant with the greatest total of raw points will be declared the winner.

**AWARDS**

Awards will be presented by the event host at Sub-District and District LDEs. State finals awards will be presented during a designated session at the annual State FFA Convention and Expo.

Awards will be presented to the top three individuals at both Sub-District and District LDEs and the top five individuals at the state finals based upon their rankings. Awards are sponsored by a cooperating industry sponsor(s) as a special project and/or by the general fund of the Florida FFA Foundation.

**REFERENCES**

This list of references is not intended to be inclusive. Other sources may be utilized and teachers are encouraged to make use of the very best instructional materials available. The following list contains references that may prove helpful during event preparation. Previous event materials may be available on the Florida FFA Website.

PHILOSOPHY

The National FFA Organization and Florida FFA Association are dedicated to organizing experiences that will meet the future needs of students while accomplishing the current purposes of agricultural education.

The primary goal of career and leadership development events is to develop individual college and career readiness skills through personal growth and premier leadership.

Individuals will be challenged to develop critical thinking skills, effective decision making skills, foster teamwork and promote communication while recognizing the value of ethical competition and individual achievement.

The activities in each event:

- Include problem solving, critical thinking and teamwork skills, where appropriate.
- Encourage appreciation for diversity by reducing barriers to participation among members.
- Develop general leadership and recognize individual and team achievement.
- Promote concentrated focus on future needs of members and society.

Career and Leadership Development Events should reflect instruction that currently takes place in the entire agricultural education program, including classroom instruction, laboratory instruction, instruction in leadership and supervised agricultural experience. Events are intended to be an outgrowth of instruction. Also, it is appropriate for the national organization and the state association to develop events and awards that stimulate instruction in emerging areas that reflect both current and future community, national and global workforce needs. Those events should be developed with significant input from FFA members, teachers, partners, respective industry sponsors and others involved in agricultural education. The National FFA Organization and Florida FFA Association continues to encourage accessibility and provide opportunities for achievement and recognition for students with diverse backgrounds.

Events that include team activities should be based on cooperation and teamwork while recognizing the value of competition and individual achievement. Where appropriate, team activities will be included that require two or more members from one chapter working cooperatively.
POLICIES & PROCEDURES

Violations of any of the following rules may be grounds for the event superintendent to disqualify the participants.

Florida FFA staff and event superintendents will use the published policies and procedures to organize and implement the Florida FFA Career and Leadership Development Events. Event activities may not be conducted due to lack of necessary materials, expertise or extreme impact to event budgets. Teams will receive the current event format prior to the event.

ELIGIBILITY OF PARTICIPANTS

Each participant must be a current dues paying member in good standing with the local chapter, state FFA association, and National FFA Organization for the school year during which the event is held (or the previous year).

The participant must be enrolled in Agriculture, Food and Natural Resources Education, and maintain a Supervised Agricultural Experience (SAE) program.

Note: Certain exceptions may apply as follows. If a student is unable to enroll in an agriculture course due to extenuating circumstance, such as program closure or scheduling problems, that student may maintain active membership status for up to one membership year by paying local, chapter and state dues and by maintaining a Supervised Agricultural Experience (SAE) program and active involvement with the local FFA chapter. This period of FFA membership will be terminated at the end of that membership year if the student does not re-enroll in a systematic program of agricultural instruction.

If a student moves to a different chapter once he/she has qualified as a chapter representative in a CDE/LDE that student may be allowed to compete in the state event with the school he/she qualified with during the qualifying year. Note: this only applies to LDEs held at State FFA Convention.

A member who is a former state winner, either individual or team, in a particular FFA CDE/LDE is not eligible to compete in that CDE/LDE area again, with the exception of teams/individuals who win on the middle school level and then compete in the same CDE/LDE on the high school level.

The student must not have previously participated in a National Career or Leadership Development Event of the same kind.

Florida FFA will only permit students in grades 9-12 to represent Florida at national Career/Leadership Development Events, with the exception of the Creed LDE and Conduct of Chapter Meetings LDE. Creed and Conduct of Chapter Meetings will be open for students in grades 7-9.

In the event that one, two, or three members of a four member team are ineligible to compete in national competition, the advisor must substitute eligible members from the chapter to compete nationally. Members serving as substitutes will be ineligible for future competition in that contest or award program area.

Few exceptions will be made in the scheduling of events for teams participating in two events, which are held simultaneously. Prior notice must be given to the Florida FFA Association office for such consideration.

REGISTRATION

Pre-registration is required for all events at the sub-district, district and state level, unless
otherwise announced by the Florida FFA Association. Chapters should register at www.flaffa.org. Registration will open approximately four (4) weeks prior to the event and will close approximately two (2) weeks prior to the event, as published on the official Florida FFA calendar.

Following the close of registration, a list of registered teams will be distributed electronically. If a chapter’s name does not appear on the list as a result of registration error, notification must be made to the Florida FFA Office within twenty-four (24) hours or by the published deadline.

Chapters not properly registered will not be eligible for competition.

**DISQUALIFICATION**

A member or team may be disqualified from an event if:

- There is any communication, verbal or non-verbal, between participants during the event. The only exception to this would be communications between team members during the team activity portion of a given event.
- Any assistance is given to a team member from any source other than the event officials or assistants.
- Event superintendents stop any participants for manners they deem to be hazardous to themselves or others. Such action shall deem the individuals disqualified for that section of the event.
- Participants start the event and do not complete the event without notifying event officials at the time of departure. This can affect the overall team rank and position. In some events this will also disqualify the entire team.
- Participants utilize personal electronic communication devices, other than those approved by the event officials, during the entire course of the event. Participants who access personal electronic communication devices without prior approval of the event officials will be disqualified.
- Participant, team, advisor or coach gains access to real materials that will be utilized by the event committee during competition. Any team, participant, advisor or coach reported and proven to do so will be disqualified from the event.
- It is prohibited for an advisor or anyone else to register their members under another member or chapter name. If this rule is violated, the chapter(s) involved will be disqualified from the event.

**GENERAL GUIDELINES**

1. Advisors should properly instruct students how to participate in a CDE/LDE prior to arrival at the event (including judging card completion, contest expectations, etc.).
2. Contestants must provide their own pens, pencils, erasers, clip boards and other necessary items necessary for competition.
3. Late arrivals may be ineligible for competition. Decisions regarding participation will be made at the discretion of the CDE/LDE superintendent.
4. FFA members should be in official dress, appropriate to the event, and will be scored accordingly. (See Official Dress Scoring for details.)
5. All participants will be assigned to a group number and are to stay with their assigned group at all times or until told otherwise by the event superintendent or group leader.
6. All participants will be given an identification number by which they will be designated for the event. It is imperative that participants make sure that the identification they were assigned matches the identification number on their materials.
7. FFA members are strongly encouraged to eat a healthy meal prior to start of the event in addition to staying properly hydrated for the duration of the event.
8. FFA members and advisors should act in a manner that will reflect favorably on the FFA chapter and the school.
9. Advisors will be expected to assist in event facilitation (i.e. act as group leaders, room
monitors, proctors, etc.) as requested by the CDE/LDE superintendent.

10. If membership is questioned in any competitive event or award programs held above the chapter level, the advisor must then show evidence that state and national dues were paid by the member prior to the student having participated in that event or award program.

11. Upon notification from the state office indicating the chapter’s ineligibility, (i.e. the initial membership roster, dues and Quality Chapter Planning Guide have not reached the state office) all members in that chapter are ineligible for competition above the chapter level until the roster, dues and Quality Chapter Planning Guide are received in the state office.

12. Judging cards that are incorrectly completed (i.e. contestant number not shaded in, stray marks, etc.) will not be scored.

13. In the case that a team who has qualified at a qualifying event, not held at the State FFA Convention, notifies the State FFA Office, in writing, two (2) weeks prior to the Finals event that they are unable to compete, the State Association has the authority to allow the next qualifying team to participate.

14. In the case that a team/individual who has qualified at a qualifying event, held at the State FFA Convention, notifies the State FFA Office, in writing, thirty days prior to the start of convention that they are unable to compete, the State Association has the authority to allow the second place team/individual from that district or the next qualifying team/individual to participate.

15. Materials that have been used by chapters and coaches as resources for training purposes should not be presented in the same visual manner in the official CDE/LDE.

**TABULATION OF RESULTS**

1. At the conclusion of each event all completed cards will be delivered to the event coordinator for tabulation.

2. Event results will be posted the first business day following the event on the Florida FFA Association website at www.flaffa.org.

3. Team scores and team names will be posted rank order as well as the names of the winning team members and high individual. Individual team results will also be provided at this time.

4. State CDE/LDE results are considered unofficial for (2) business days following publishing. It is the responsibility of the FFA Advisor to request and review individual team results. Any appeal must be made to the FFA Executive Secretary in writing for necessary adjustments to be made. At the close of business on the second business day following publishing, results will be official.

5. Sub-District and District CDE/LDE results for individual and team events are to be considered final as announced onsite at each event location.

6. Completed cards and testing materials of individual and team participants will not be returned for local, district or state competition.

7. For events with subjective scoring, participants shall be ranked in numerical order on the basis of the final score to be determined by each judge without consultation. The judges’ ranking of each participant shall then be added, and the winner will be that whose total of rankings is the lowest. Other placings shall be determined in the same manner. (low point method of selection)

**OFFICIAL JUDGES**

Official judges for each event will be selected by the CDE/LDE Superintendent or his or her representative. Careful consideration should be given to select qualified and competent judges.

Guidelines for Official Judges include:

- Official judges should make their placing in the same manner as is required of contestants with respect to handling specimens or animals.
- Official judges will give their completed official placings and scores to the event coordinator.
- Placings by the official judges must be kept confidential until the event is completed and...
PUBLIC ANNOUNCEMENTS

- Judges of Leadership Development Events are encouraged to use official comment cards provided to offer feedback to individual contestants.
- Current FFA Advisors are not permitted to serve as judges with the exception of the state Parliamentary Procedure LDE and/or other events which require certain expertise and as deemed appropriate by the event superintendent and Florida FFA Association.
- Judges decisions are considered final.

ADVISOR ATTENDANCE

As a matter of policy set by the Board of Directors of the Florida FFA Association, it is required that an advisor or other school district approved representative accompany all students to, from and while attending any Florida FFA event or activity. In the event that the advisor is unable to attend, a school district representative must be appointed by the school principal or superintendent and permission must be provided in writing to the Florida FFA Association. In the event that this policy is not followed, the student(s) will not be permitted to attend the event.

RULES & REVISIONS

As a matter of policy set by the FFA Board of Directors, authority is given to State FFA Staff to make technical revisions to Career and Leadership Development Event rules as necessary.

In addition, Board Policy directs CDE/LDE superintendents to follow CDE/LDE rules as closely as possible while also allowing the CDE/LDE superintendent the flexibility to make adjustments as necessary based on availability of resources.

ACCESSIBILITY FOR ALL STUDENTS

All special needs requests and appropriate documentation must be submitted at the time of registration.

HONESTY AND INTEGRITY

Florida FFA expects students to be honest in all of their work, including work outside of the classroom related to Career Development Events (CDE) and Supervised Agricultural Experience (SAE) programs. By participating in a competitive event, FFA members, advisors and proctors agree to adhere to high standards of academic honesty and integrity and understand that failure to comply with this pledge may result in disciplinary action, up to and including event disqualification, loss of Quality FFA Chapter Status and termination of active FFA membership.

As an integral component of school-based agricultural education, FFA is obligated to report cases of student, teacher, chaperone or proctor dishonesty to the school district.

All FFA members and advisors have an ethical obligation to adhere to the Honor Code and are required to abide by the following Academic Honesty Policies:

I. By registering for or participating in any FFA event, FFA chapter representatives, including students and adults, agree to adhere to the following academic honesty code. FFA chapter representatives that do not agree to this policy should not register or participate. I understand that FFA expects its students and teachers to be honest in all of their work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action, up to and including event disqualification, loss of Quality FFA Chapter Status and termination of active FFA membership.

II. The conduct set forth hereinafter constitutes a violation of the Academic Honesty Policies. Those adjudged to have committed such conduct shall be subject to discipline. Violations of the Honor
Code and Policies include but are not limited to the following:

**CHEATING**
The improper taking or tendering of any information or material which shall be used to determine academic or competitive credit. Examples include but are not limited to the following:
- Copying from another student’s test or materials.
- Allowing another student to copy from a test or materials.
- Using unauthorized materials during a test, such as the textbook, notebook, formula lists or notes, including those stored in a calculator or other electronic device.
- Collaborating during an event or activity with any other person by giving or receiving information without authority.
- Having another individual write or plan a paper, including those bought from research paper services.

**PLAGIARISM**
The attempt to represent the work of another, as it may relate to written or oral works, computer-based work, mode of creative expression, as the product of one’s own thought, whether the other’s work is published or unpublished, or simply the work of a fellow student or teacher.

When a student submits oral or written work that includes the words, ideas, or data of others, the source of that information must be acknowledged through complete, accurate, and specific references, and, if verbatim statements are included, through use of quotation marks as well. By placing one’s name on work submitted for credit, the student certifies the originality of all work not otherwise identified by appropriate acknowledgements. A student will avoid being charged with plagiarism if there is an acknowledgement of indebtedness. It is the FFA advisor’s responsibility to monitor and have an accurate understanding of the source of the students work.

Examples include:
- Quoting another person’s actual words.
- Using another person’s idea, opinion, or theory, even if it is completely paraphrased in one’s own words.
- Drawing upon facts, statistics, or other illustrative materials — unless the information is common knowledge.
- Failing to accurately document information or wording obtained on the internet.
- Submitting anyone else’s work as one’s own work.
- Violating federal copyright laws, including unauthorized duplication and/or distribution of copyrighted material.
- Offering, giving, receiving or soliciting of any materials, items or services of value to gain competitive advantages for yourself or another.

**BRIBERY**
The offering, giving, receiving, or soliciting of any materials, items or services of value to gain academic advantage for yourself or another.

**MISREPRESENTATION**
Any act or omission with intent to deceive an event official for competitive advantage.
Misrepresentation includes lying to an event official or misstating the facts to increase your competitive standing.

**CONSPIRACY**
The planning or acting with one or more persons to commit any form of academic dishonesty to gain competitive advantage for yourself or another.

**FABRICATION**
The use of invented or fabricated information, or the falsification of research or other findings with
the intent to deceive for competitive advantage.

Examples include:
- Citing information not taken from the source indicated.
- Listing sources in a Works Cited or reference not used in the academic exercise.
- Inventing data or source information for research or other academic exercise.
- Submitting any academic exercise as one’s own prepared totally or in part by another, including on-line sources.
- Taking a test for someone else or permitting someone else to take a test for you.

COLLUSION
The act of working with another person on an competitive undertaking for which a student is individually responsible. Unless working together on an individual practicum has been prior approved, it is not allowed. On team practicum sessions, students must stay within the guidelines set by the event coordinator. If the event coordinator provides additional guidelines, they must be followed. Failure to do so also constitutes a violation of these Policies and Rule.

COMPETITIVE MISCONDUCT
The intentional violation of integrity by tampering with scores or taking part in obtaining or distributing any part of a test or practicum.

Examples include:
- Stealing, buying, downloading, or otherwise obtaining all or part of a test and/or test answers without authorization.
- Asking or bribing any other person to obtain a test or any information about a test.
- Changing, altering, or being an accessory to changing and/or altering of an exam response or a grade recorded.
- Continuing to work on an examination or practicum after the specified time has elapsed.

IMPROPER COMPUTER/CALCULATOR USE
Examples of improper computer and/or calculator use include but are not limited to:
- Unauthorized access, modification, use, creation or destruction of calculator-stored or computer-stored data and programs.
- Sharing a calculator or computer while leaving answers on display or in memory.
- Submitting a duplicate printout with only the student’s or chapter’s name changed. This applies to all FFA events, awards and activities.

IMPROPER ONLINE TESTING USE INCLUDE:
- Having or providing unauthorized outside help when completing online assessments.
- Obtaining access to confidential test materials or questions before online assessments.
- Agriculture Teachers being in the room during online testing and/or certification.
- Proctors must not administer tests to their family members.
- Taking a test for someone else or permitting someone else to take a test for you.

NOTE: A third-party designated proctor must administer all FFA related exams and certifications. Third-party proctor must have received notification of and agree to these policies and may be required to submit documentation certifying the integrity of the online exam process. A third-party proctor cannot be the agriculture teacher(s), Examples of acceptable third-party proctors include: school administrators, computer lab coordinators, media specialists, guidance counselors, testing coordinators, teachers not affiliated with the agriculture program, other non-instructional school or school district officials.

DISRUPTIVE BEHAVIOR
Each chapter representative’s behavior during an FFA event or activity is expected to contribute
to a positive learning/teaching/competitive environment, respecting the rights of others and their opportunity to learn or participate. No chapter representative has the right to interfere with this process, including the posting of inappropriate materials on social media sites.

FFA event officials have the authority to ask a disruptive chapter representative to leave the event or activity and will report the incident as appropriate.

**ELECTRONIC DEVICES**

The use of cell phones or other electronic devices are not allowed during any FFA competitive event or activity, unless prior approval is given from the event coordinator.

FFA OFFICIAL DRESS

The uniform worn by FFA members at local, state and national functions is called Official Dress. It provides identity and gives a distinctive and recognizable image to the organization and its members. Official Dress has been worn with pride by millions of FFA members since 1933.

OFFICIAL DRESS FOR A FFA MEMBER INCLUDES:

- An official FFA jacket zipped to the top
- Black slacks or black skirt
- White collared blouse or white collared shirt
- Official FFA tie or Official FFA scarf
- Black dress shoes with a closed heel and toe
- Black socks or hosiery

Note - official garb of recognized religions may be worn with official dress

Note: the skirt is to be at least knee-length, hemmed evenly across the bottom, with a slit no higher than two inches above the knee, excluding the kick pleat. Black slacks may be appropriate for traveling and outdoor activities as outlined in the safety exceptions.

SAFETY EXCEPTIONS

In extreme conditions such as heat or inclement weather students may be asked to remove their FFA Jackets, ties and scarves.

Due to the nature of the event, some events do not require Official Dress. Participants should refer to the event rules for specific clothing instructions for the following events:

- Agricultural Technology and Mechanical Systems
- Meats Evaluation
- Veterinary Assisting

Additional safety exceptions include:

- Rubber boots may be worn during Land Judging. If desired, student can change footwear following Official Dress check prior to the start of the event.
EVENT CLASSIFICATIONS

INDOOR/LEADERSHIP EVENTS
- Agricultural Communications
- Agricultural Education
- Agricultural Issues Forum
- Agricultural Sales
- Citrus
- Conduct of Chapter Meetings
