

# Dayton Buxton

Area VI State Vice Presidential Candidate

(863) 447-9960

daytonmarie02@yahoo.com

Dear Area VI Members and Advisors,

Each and every day we make choices. No matter how big or how small, the choices we make are what form the twists and turns along the path that is life. Whether they are good or bad, our choices make us who we are . My name is Dayton Buxton, and seven years ago I made the choice to set a goal for myself. That goal was to become a Florida FFA State Officer.

I knew from the moment I zipped up my first blue jacket that I had an unwavering passion for this organization, and that moment has led me to become the member, officer, and leader I am today. I have chosen to seek out a State Officer position because I know firsthand the responsibilities of an officer and how to successfully carry them out. Working diligently alongside the other officers, I will use my knowledge and experiences to ensure the success of Florida FFA for another year to come.

Years ago I came across this statement: “If you don’t build your dream someone else will hire you to help them build theirs.” These words have been a driving force behind me for quite some time, and a reminder to always pursue my dreams. It is my dream to serve Florida FFA on the state level, and it is my hope that you, the chapters of our area, will allow me the opportunity to help members across the state of Florida build their dreams in the FFA.

I am always available and would be more than happy to hear from the members and/or advisors within Area VI. I would love to hold zoom meetings with officer teams and members across the area to get to know the esteemed students Florida FFA is blessed to have.

Thank you and I encourage each of you to join the virtual celebration of Florida FFA’s accomplishments being held June 23rd - June 26th via the Florida FFA Association website and facebook.com!

Sincerely,

**Dayton Buxton**
