"Taking Aim"

OBJECTIVES

I am the 6th generation to live on my family's farm in North Central Florida. My love for Florida agriculture and FFA runs deep. Over the last 7 years, Florida FFA has provided me with numerous experiences and opportunities to sharpen my leadership skills. Through my time in FFA and my roots in agriculture, I have decided to pursue a degree in Agricultural Communications with a minor in Agriculture Law. It is my hope to enter into a career that will allow me to continue to advocate for the agriculture industry.
