Area V State Vice President Candidate

“Beyond the Cutting Edge”

Dear FFA Members and Advisors,

My name is Tregg Aguero, and I am proud to be your Area 5 State Vice President candidate for 2024-2025. Throughout the last six years of my FFA journey, I have developed a desire and passion to pursue higher leadership roles within the agriculture industry. The National FFA Organization has made a positive impact on our community and peers around us. The blue corduroy jacket symbolizes more than just a piece of clothing; it represents premier leadership, personal growth, and career success gained from the National FFA organization.

From my humble start in Tool Identification CDE to my national-level success in the Meats Evaluation & Technology and Nursery/Landscaping CDEs, I have been able to sharpen my skills to success. I have shown a market swine for the past two years and have four placement SAEs, but my predominant supervised agricultural experience is a cut above the rest. Starting with a simple sharpening stone I would always sharpen my family’s knives. With the help and mentoring of my middle school advisor, I was introduced to a sharpening system that helped kickstart my first SAE. Through this newfound business of Tregg’s Sharp Shop, I learned the art of sharpening and making knives. I was able to perfect my communication skills while finding local businesses and knife users throughout my community, allowing me to learn how to be personable and connect with others.

Although we all share the same fundamental ideals and goals within the FFA, I know each member takes a unique path to achieving them. The one thing that sets FFA apart from other organizations is the opportunity to participate in its 30 CDEs and LDEs that help students achieve academic and personal growth along with kickstarting possible careers. If elected as the Area 5 Vice President I will help and encourage all members to go “Beyond the Cutting Edge,” to help push students beyond their limits and strive for success through all they do.

Sincerely

Tregg Aguero

Florida FFA
