

Macy Jordan

Florida FFA State Presidential Candidate | Malone FFA

Dear Florida FFA Chapters, Members, and Advisors,

I am humbled to introduce myself to you as a Florida FFA State Presidential Candidate. My name is Macy Jordan, and I am a member of the Malone FFA Chapter. Thank you for taking the time to learn more about me and what I represent. Serving as a delegate is an honor. I commend and thank you for your efforts and consideration.

I am the daughter of a row crop farmer and was completely unaware of the opportunities in the agriculture industry until I joined the National FFA Organization. It was the encouraging words from past state officers, and my community, that inspired me to seek a state officer position. My desire to serve is not for the title, but to give a voice to the members across the state who are just starting out. I was once that overwhelmed person. I hope to instill the same words of encouragement in Florida FFA members that got me to where I am today.

I come from a long line of hardworking individuals who instilled in me the idea that toil + integrity = success. In all our correspondence, it is important to work hard and be honest. I have adopted these principles in hopes of creating and building my own lasting legacy that generations behind me can follow. We can all establish a legacy once we discover the values that are most important to us.

The blue jacket has been a source of confidence and opportunity for me. I know it is the same for members across this beautiful state, and that is why I am honored to serve this great organization this year. I look forward to the relationships that will be made, and I cannot wait to see each one of you develop your own legacy! If you have any questions, please do not hesitate to reach out. See you in June!

Sincerely,

Macy Jordan

Macy Jordan, Florida FFA State Presidential Candidate.
