

JORDYN LEFEBVRE

AREA II VICE PRESIDENTIAL CANDIDATE

Dear Area II Members and Advisors,

I am beyond excited to be selected as one of the Area II State Vice Presidential Candidates. My name is Jordyn LeFebvre, and I am a member of the Bell FFA Chapter.

This year my theme is look back, step forward. It is so important to reflect on your past experiences and take them into the future. As I look back, I am so thankful for my past seven years in FFA. When I joined FFA in sixth grade, I was shocked at the opportunities that this organization has to offer. I was encouraged to run for state office by some of my mentors that offered words of encouragement and support; I hope to give these same words to younger FFA members. If it were not for my supports, I know I would not be where I am today. As I step forward, I hope to be a mentor to all of Florida FFA.

My mentors helped me start my Supervised Agricultural Experience (SAE) when I was in 8th grade. I started teaching young students about the agriculture industry. As I grew in my SAE, I began advocating for agriculture through my school district. As I step into a new chapter of my life, I hope to continue advocating for agriculture through Florida FFA state office this next year. As someone who had to be educated about agriculture, I will continue this legacy teaching others about Florida agriculture.

My resume with my FFA experience, SAE experience, certifications, and school and community activities is attached below. I cannot wait to celebrate the year with you at the 97th State Convention and Expo.

Sincerely,

Jordyn LeFebvre

“Look back, step forward”

JORDYN LEFEBVRE

AREA II VICE PRESIDENTIAL CANDIDATE

OBJECTIVE

I have been a part of FFA since sixth grade and have since absolutely fallen in love with this organization. Looking back, I believe that the opportunities I have had through FFA with contests, speaking events, and leadership roles will help my future. Stepping forward, I would like to take on more of a leadership role in this wonderful organization as the Area II State Vice President. I hope to be a mentor to all the members in Florida FFA and offering advise from my FFA career. Let's take the time to "Look back, and step forward."
